M **Fahad** Iqbal

W e b   D e s i g n e r   &   D e v e l o p e r

I am a highly self-motivated IT professional with a keen ability to work smartly and learn quickly. My passion for developing tailored solutions drives me to seek a position as a Web Developer in a dynamic, growing company. With over 4 years of experience in Front-end Development, CMS, and E-Commerce platforms such as Shopify, Woo Commerce, and Magento, I possess the necessary skills to provide exceptional support to software companies. Additionally, I have expertise in SEO/SEM, Analytics, and Basic Back-end Development. My eagerness to learn new technologies and become a top-notch Full-Stack Developer is unbridled.

- **SASS / LESS**

Experience

2022 - Current
Techxudo
Chief Technology Officer

As a Senior Web Designer and Developer, my primary responsibility is to design, build, and optimize websites and other software applications. My role encompasses a variety of tasks, such as identifying customer specifications and user needs, collaborating closely with teams and clients, and testing and documenting software for websites. Additionally, I am tasked with writing, editing, and debugging websites, keeping up-to-date with the latest social marketing trends, and supervising junior web developers. With a sharp focus on delivering high-quality results, I strive to exceed expectations and ensure customer satisfaction with every project.

2020 - 2022
Savvy Programmers
Junior Front-end & Shopify Developer

As a Junior Front-end and Shopify Developer, my primary responsibility is to develop and enhance the visual appeal of eCommerce websites. This involves implementing design elements such as text, imagery, and layout. In addition, I am responsible for debugging, testing, and ensuring website responsiveness across multiple platforms, including tablets and mobile devices. Throughout my tenure, I have demonstrated strong leadership skills, effective project management, and sound decision-making abilities. I am also comfortable working under pressure and have a track record of delivering high-quality work within tight deadlines.

Bizsouls

Internship as a Web Designer & Developer

BIZSOULS
PRECISION WEB INNOVATION

During my internship, I had the opportunity to gain practical experience in various fields, including Graphic Designing, Web Designing, Web Development, SEO/SEM, Digital Marketing, and other IT Skills. Through this experience, I was able to solidify my theoretical knowledge and acquire new skills that have proven beneficial in both my personal and professional life. This internship was a valuable experience that allowed me to expand my skill set and gain hands-on experience in the IT industry.
